

a festival of three short comedies

**THREEPLAY** has been put together as a contribution to ArtFormz '95.

This is only the second time, in recent years, that three of the North Shore Dramatic Societies have worked together to present an evening's entertainment, and we hope there will be many more.

All North Shore Dramatic Societies are keen to welcome new members, particularly people of all ages who are interested in learning some of the back stage skills such as lighting, sound, set construction, make-up and costumes. If you would like more information, please call the group nearest your location. See inside for details.

There are some people to thank who have been involved with some aspect of the organisation of this comedy festival, in areas such as publicity, costumes, photography, programme, stage managing, construction or venue co-ordination. They are: Anne Jenkin; Anne Rimmer; Doug Bourke; Tony Sandy; Cathie Sandy; Bernard Harrington; Moira Coote; Sherry Ede. We also wish to thank Music Theatre Productions.

There will be a short interval between each play.  
Drinks available in the foyer bar.
