AN EVENING OF ONE ACT PLAYS

1988

GOOD EVENING...

This production is the result of the hard work and team effort by some of Company's new and not so new members. Directing is possibly the best learning experience for any actor. Therefore Company has used this opportunity to allow people to exercise their talents in this area, and also to allow new members a chance to perform on stage.

If successful, short one-act play seasons will become a more frequent event with Company, to allow all our members to stay active within the group during the year.

We trust you will enjoy this evening, and welcome any comments or suggestions you may have.

If you would like to know more about Company, or would be interested in getting involved in acting, set construction, props, lighting or front of house, (you don't need any experience to learn!), then please don't hesitate to call Ruth on 456 939.
